

CITY OF Sterling Heights

Innovating Living

**Land Use Master Plan 2016-2040
Parks, Recreation and Non-Motorized Master Plan 2016-2020**

Community Comment Map

The City is embarking on a planning process to establish a clear direction for its future through the creation of a new Land Use Master Plan. This Master Plan will establish a long-term vision for land use and development within the City, based on the character of the community and market realities. Concurrently, the City will also be preparing a new Park, Recreation and Non-Motorized Master Plan, which will outline goals, strategies and recommended capital improvements for recreation and non-motorized facilities over the next 5 years. ***In order to establish and achieve this vision, the City is seeking your input.*** An online mapping tool for the City has been established to allow you to ***share your thoughts and opinions*** while also interacting with the opinions of fellow citizens.
